How Satisfied are you? The center of the wheel is not satisfied at all, and the outside edge of each wheel is 100% satisfied. Mark where you are for each section on both wheels.

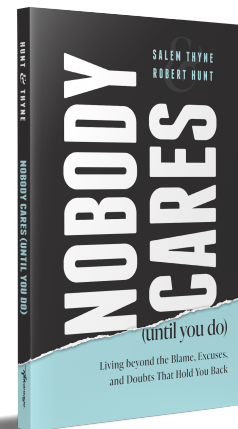

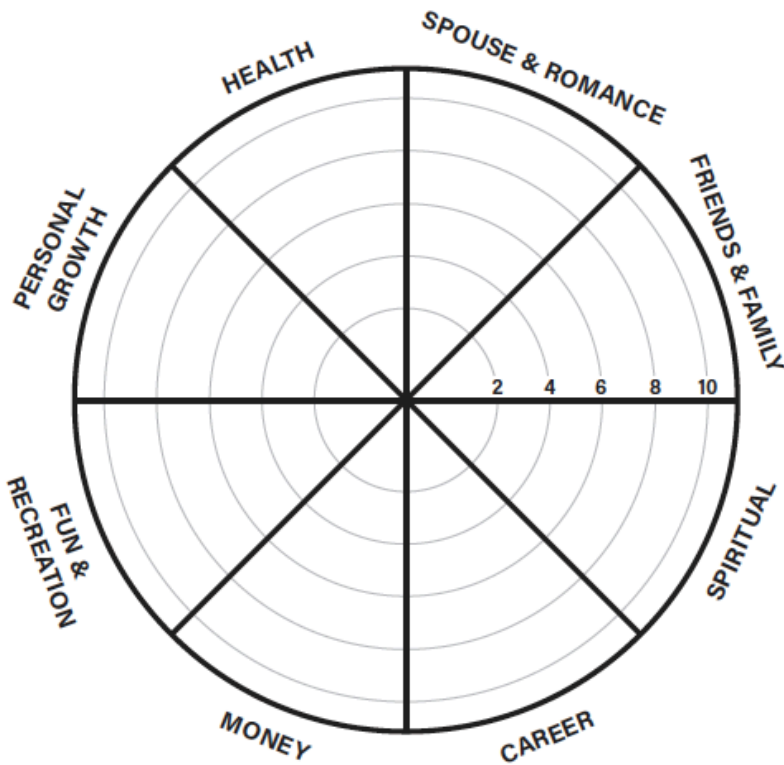

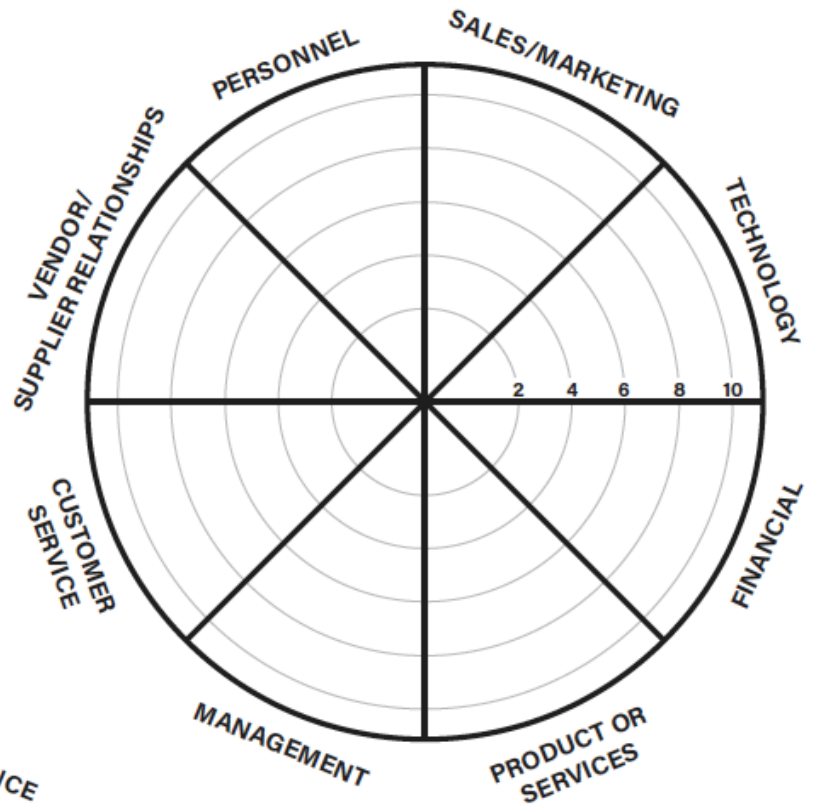

NOTE:

*Be honest with yourself
when doing this.*

Brutally honest!

*This (like all the exercises in
this book) is just for you.*

*No one else needs to know
what you've written, so
there's no reason to hide.*
